Transforming Lives

Through Wells, Churches and Schools

Dear Friend,

Sharing Jesus is not always easy, but by God's grace, it is possible! Many of our local missionaries live and work in dangerous and oppressive places, but God has His hand over them and is working alongside them, and through them.

57 MILLION people live in one of these dangerous and oppressive countries in Southeast Asia. Most who live in this country are Buddhist, and sadly only SIX percent of them are Christian. We see, in every one of these 53.5 MILLION people who still do not know Jesus, a very PRECIOUS SOUL that must be given an invitation to the Kingdom of God.

Jesus reached people by connecting with them in the common activities of life. He mingled with them as one who desired their good, He won their confidence, and then invited them to follow Him.

ASAP Ministries is passionate about sharing Jesus with those who live in dangerous and oppressive places, by working like Jesus did, connecting local missionaries with their communities.

When you PROVIDE A WELL on a church property, in a remote community that does not have good access to clean water, they learn that our God is a caring God. Sharing water with them creates loads of goodwill and positive relationships. Most importantly though, it's exciting to see how often it opens doors to conversations about God.

When you CREATE A PLACE OF WORSHIP it gives wonderful credibility to the gospel being shared by the local missionary, and it's a great encouragement to believers. It also provides a special place for believers to invite their family and friends to join them in health, education, and worship programs.

When you BUILD LIVES by providing SCHOOLS and EDUCATION for marginalized students, it not only changes their lives FOREVER as they learn about Jesus, but their families and community's lives too!

Please JOIN US in these projects to CONNECT local missionaries with the PRECIOUS SOULS in their communities.

LIVING SPRINGS WELL PROJECT

\$5,532 provides four churches with wells on their property, and their communities with a much-needed clean water source.

CHURCH BUILDING PROJECT

\$10,498 is needed to build a house church where believers can worship, and provide education and health events for the community.

36 SCHOOLS IN THIS COUNTRY NEED SPONSORSHIP for 2024

ASAP School sponsorship for a year starts at \$2,325 and ranges to \$26,560 for the largest school. When you help sponsor one of our 36 SCHOOLS in this country, you help poor and persecuted children attend school, assist with teacher stipends, and operational expenses.

We are excited to see how God is going to work through these initiatives to create connections and change lives for His kingdom!

Gratefully,
